

## Our Mission Statement

**Nurturing children to become happy, well-balanced, resilient and academically sound individuals, empowered to make a difference.**

Dear Parents and Community

Our virtue of the week is **Gratefulness**.

*Gratitude makes sense of your past, brings peace for today, and creates a vision for tomorrow.*

We send out so much information on our class WhatsApp groups which can become information overload. My only message for you today it to say that I am so grateful to the whole Yellowwoods family and community for supporting our precious school so that we are able to **THRIVE**.

God Bless

**Court Update:** The resurfacing of our tennis court has been completed and the children cannot wait to start playing tennis and netball on the court, but we have to wait 2 weeks for it to set. If anyone would like to make a monetary donation towards the court, it would be greatly appreciated. Please contact our Bursar, Mrs Nicolette Bain on 046 6840708. To preserve the court, a retaining wall needs to be built around two sides of the court. A donation of bricks or cement would be most welcome as it would be a great help. The funds generated from our two big fundraisers coming up in June and September are also earmarked for this worthy project. Yellowwoods would appreciate your support to ensure that these events are well attended and successful.

## Nursery News

By Mrs Natalie Mildenhall

The Nursery children have all settled in well into the second term. There has been some growth and development since last term in more ways than one. Some came back potty-trained, some have outgrown their clothes, some have let go of their nannies, some are climbing higher and sliding down the jungle gym, and some are talking and engaging so much more! I am so proud of them all. I'm looking forward to all the fun and creative activities we have planned for this term.
